The Boston United Eagles become THE BOSTON BLIZZARD

Global Basketball LLC is announcing that it has sold the rights of the Boston United Eagles to EMC Enterprises LLC ownership group and will be changing its name to The Boston Blizzard.

The ownership group will change the management team in place and install theirs in the next few days. This dynamic group features a great mix of personalities from basketball and entertainment, a key characteristic of ABA games.

This will in no way change the current season of Boston's inaugural season. Some changes to the schedule may be made.

Please go to their new website at www.thebostonblizzard.com or email: thebostonblizzard@gmail.com if you have any questions or need more information.
